

Key dates

Monday 16th September

Meet and Greet 3:30pm

-3:45pm

Monday 21st October

Homework projects due in school.

Thursday 24th October

'The Land of Neverbelieve' exhibition for parents and carers 2:45pm - 3:25pm

Homework Project

As part of this Big Idea, we are asking children to make models of their own fantastical islands for this half term's project homework. We would love it if completed models could be in school by Monday 21st October.

Enjoy getting creative - we can't wait to see what the children make!

Thank you

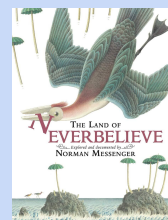

Thank you for your support with the summer mystery seed challenge - wonderful projects and great energy from the children. We have lots of budding horticulturists!

Helping at home - Weekly Homework

Please support your child's learning at home by making sure your child is reading every day - please record what they have read in their yellow reading record. Specific online Maths and Spelling homework will be set each Wednesday to be completed by the following Wednesday - children will be provided with login details. There will be opportunity for your child to complete online homework in class on a Monday lunchtime if computer access is limited at home.

Autumn 1 Newsletter: The Land of Neverbelieve Big Idea

Welcome to Year 5! We hope you had a wonderful summer.

The Big Idea

Our book study of The Land of Neverbelieve will take us on an exciting writing journey including creating fantastical creatures, debating wonky fruit and vegetables and writing suspense stories. It will also take us on a trip to The Amazon Rainforest where we will be exploring weather and climate, categorising animals and exploring the very current climate issues occurring in the forest.

PE Lessons

This year our PE lessons will be on Tuesdays and Fridays so please make sure your child has a full PE kit on these days (and warm clothes as the weather becomes colder).

Chromebooks

Children in Year 5 all have access to their own Chromebook to enhance their learning. Everyone is very excited to be using these devices.

We expect children to respect this privilege. Children will be briefed on the rules and expectations. If these rules are broken, they may lose the use of their device for a period of time.

Headphones and mice will be available in school but children may bring their own into school if they prefer.
