

Welcome to Year 5 at KPS

Timetable

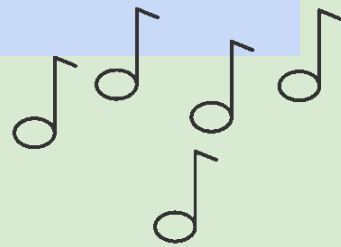

PE

PE sessions will be Monday and Thursday. All sessions will take place outside so please ensure children have suitable kit in school.

PPA

Mr Burbidge and Miss Crosby have planning time on a Wednesday until 11:45. During this time, Year 5 will have a French lesson with Mrs Lupton and a Music lesson with Mrs Hardy.

Staff

Mr Burbidge
Teacher

Miss Crosby
Teacher

Miss Ward
Teaching Assistant

Mrs Hall
Teaching Assistant

Miss Guy
Teaching Assistant

Miss Heald
Teaching Assistant

- Mr Burbidge teaches 5B
- Miss Crosby teaches 5C
- Miss Ward supports whole class teaching across Y5
- Mrs Hall, Miss Guy and Miss Heald provide 1:1 support

Do feel free to catch any of us on the playground - we are all happy to help.

Homework

Spellings

Weekly spelling assignments will be set on Spelling Shed. Children learn spellings through interactive games and will be tested each week. There is a link on Google Classroom.

My Maths

A weekly task will be set on MyMaths. The tasks are short and there is online support if needed. The tasks are marked instantly and multiple attempts are allowed.

Reading

We encourage reading for pleasure: chapter books, comics, magazines, picture books - whatever your child enjoys. Children have an online reading record, which they access via Google classroom. They can log their reading at home or in class. If your child is reading a banded book, they can have an additional book to read for pleasure too.

Project

From Autumn 2, a project will be set each half term. It will be connected to our Big Idea but will allow creative freedom for children to explore their own interests and present their ideas in a unique way. Instructions for the project will be posted on Google Classroom.

Classrooms

Here is the current layout of our Year 5 classrooms. We are doing our best to keep everyone safe during this time so the children are sat in rows for the time being.

Chromebooks

Children have access to their own Chromebook in class. The children love using this technology to enhance their learning.

We use apps such as the Google Suite, Seesaw and FlipGrid to create, collaborate and communicate.

Children have signed a code of conduct to ensure that their device is respected and used professionally.

Expectations

We simply expect children to be the best version of themselves.

We understand that everyone makes mistakes but we do expect children to learn and grow from the mistakes they make.
