

Maths

We will be building a range of skills across this Summer term, including: **time, money, statistics** and **geometry**.

Our arithmetic skills will continue to be a priority and times tables continues to be a huge focus. Please practise lots of times tables and division facts, in preparation for our times tables assessment in June.

English

In English, we will be looking at Roman recounts and discussion skills.

Reading

We will continue our VIPER reading skills, this half term. The children will continue to have a home-school reading book which must be brought in **everyday** with their reading records.

In addition to this book, the children will have the opportunity to borrow a reading for pleasure book from the library. This gives the children a free choice of book to enjoy.
